Junior web developer who builds web applications with Laravel, PHP and MySQL, and responsive front ends with HTML, CSS, JavaScript and Bootstrap. I enjoy turning ideas into clean, user-friendly products, from online shops to admin dashboards.

EXPERIENCE

Web Developer Intern at Wisdom — 2025

- Built and maintained responsive pages for client websites.
- Developed Laravel features connected to MySQL databases.
- Fixed layout bugs and improved page load speed.

PROJECTS

Myanmar Handicrafts System

A Laravel shop for Myanmar handicrafts. Customers browse, order and pay by KPay, Wave or cash on delivery, and admins manage stock and orders.

PHP · Laravel · MySQL · Bootstrap

github.com/PyaeThiriCho/handicrafts

Online Book Shop

A Laravel bookshop where customers browse books, fill a cart and check out, and the owner manages books, authors, categories and orders.

PHP · Laravel · MySQL · Bootstrap

github.com/PyaeThiriCho/laravelbookshopproject

Rosiva Flower Shop

A Laravel flower shop with a catalog you can browse by category and occasion, a cart, and an admin dashboard for products and images.

PHP · Laravel · MySQL · Bootstrap

github.com/PyaeThiriCho/rosivaflowershop

Gym Management Admin Panel

A Laravel admin panel for a gym to manage members, classes, staff users and role-based permissions.

PHP · Laravel · MySQL · Bootstrap
